पृथ्वी दिवस पर इंटर कॉलेज प्रश्नोत्तरी स्पर्धा आयोजित

हरिभूमि वृत्त - मंडी अटेली

विश्व पृथ्वी दिवस पर शुक्रवार को राजकीय महिला महाविद्यालय अटेली में इंटर जिला भूगोल प्रश्नोत्तरी प्रतियोगिता पृथ्वी व पर्यावरण आदि को बचाने पर गांधी का आयोजन किया गया।

इस मौके पर जिला उपायुक्त श्यामलाल पुनिया ने मुख्य अतिथि थे। कॉलेज के भूगोल विषय की ओर से आयोजित कार्यक्रम प्राचार्य प्रवीण के मार्गदर्शन में मनीष यादव के संयोजन में हुआ। इसमें 13 कॉलेज के 39 विद्यार्थियों ने हिस्सा लिया। मंच संचालन व प्रश्नोत्तरी मास्टर की भूमिका प्रोफेसर राजेश कुमार

भूगोल ने निभाई। जिला उपायुक्त व नया प्रधान जितिन अग्रवाल ने कॉलेज परिसर में पौधारोपण भी किया। इस मौके पर कॉलेज प्राचार्य प्रवीण ने जिला उपायुक्त द्वारा दिये गये सुझाव पर विद्यार्थी पर्यावरण प्रहरी के रूप में करने की संकल्प दिलाया। आयोजन समिति के सदस्य तेजप्रकाश, अनूप कुमार, राजकुमार, मनोज कुमार, नवनीत कुमार रहे। स्कोरर की भूमिका नीलम भारती व सविता नाहर ने निभाई। इस मौके पर नया प्रधान जितिन अग्रवाल, पीजी कॉलेज के प्राचार्य राजेश सेनी, ज्ञानचंद गुप्ता, शिखंदर, इंद्रजीत, चंद्रशेखर व अनीता मौजूद रहे।

पर्यावरण के प्रति संवेदनशील होने की जरूरत

राजकीय महिला महाविद्यालय अटेली में हुआ पर्यावरण जागरूकता कार्यक्रम

भास्कर न्यूज़ | मई अटेली

राजकीय महिला महाविद्यालय अटेली में विश्व पर्यावरण दिवस के उपलक्ष्य में शुक्रवार को पर्यावरण प्रकोष्ठ के सौजन्य से दो दिवसीय जागरूकता कार्यक्रमों का आयोजन किया गया। कार्यक्रम की अध्यक्षता प्राचार्य डॉ. प्रवीण यादव ने की। महाविद्यालय के पर्यावरण प्रकोष्ठ प्रभारी प्रोफेसर संजय यादव ने बताया की प्रथम दिन महाविद्यालय में पोस्टर मेकिंग और निबंध प्रतियोगिता का आयोजन किया गया तथा दूसरे दिन पौधरोपण, प्रभातफेरी, पर्यावरण संगोष्ठी व विजेता प्रतिभागियों को पुरस्कार प्रदान किए जाएंगे।

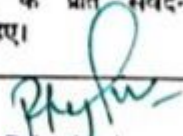

निर्णायक मंडल की भूमिका राजकीय महाविद्यालय अटेली के प्रोफेसर अनिल कर्लिय, प्रो. अश्वत कुमार व प्रो.महेश कुमार ने निभाई। पोस्टर मेकिंग में मोनिका कुमारी प्रथम, नीतू द्वितीय व निकिता तृतीय स्थान पर रही। निबंध लेखन में सेवता प्रथम, दीपिका द्वितीय व नीतू ने तृतीय

स्थान प्राप्त किया। प्राचार्य डॉ. प्रवीण यादव ने छात्रों को संबोधित करते हुए कल की संतुलित पर्यावरण के अभाव में जीवन की कल्पना भी नहीं की जा सकती। पर्यावरण की कीमत पर किसी प्रकार का विकास स्वीकार्य नहीं हो सकता इसलिए प्राकृतिक संसाधनों का उचित प्रबंधक व संरक्षण करना चाहिए। अधिक से अधिक पौधरोपण कर पर्यावरण के प्रति अपने कर्तव्य का निर्वहन करना चाहिए। पर्यावरण प्रकोष्ठ प्रभारी संजय यादव ने अपने सम्बोधन में कल की सच बिकत

है झुंड बिकत है बिकती हर कहानी, तीन हिस्सों पर फैला फिर भी बिकता बोतल में पानी। आज जीवन के लिए सबसे जरूरी शुद्ध जल व पानी का मिलना मुश्किल हो गया है। संयुक्त राष्ट्र की रिपोर्ट के अनुसार विश्व में दो अरब लोगों को शुद्ध जल उपलब्ध नहीं हो पर रहा है। ग्लोबल एयर क्वालिटी रिपोर्ट के अनुसार राजधानी दिल्ली दुनिया की सबसे प्रदूषित राजधानी है जो बहुत बड़ा चिंता का विषय है। अतः हमें पर्यावरण के प्रति संवेदनशील होना चाहिए।

Seminar On Topic 'Only One Earth' On World Environment Day

नारनील भास्कर 05-06-2022

वास्तव में पर्यावरण को बचाना है तो धरातल पर काम करना होगा

मदी अटेली | राजकीय महिला महाविद्यालय अटेली में पर्यावरण जागरूकता कार्यक्रमों के तहत दूसरे दिन शनिवार को "सिर्फ एक ही पृथ्वी" विषय पर संगोष्ठी का आयोजन एवं पौधरोपण किया गया। कार्यक्रम की अध्यक्षता प्राचार्य डॉ. प्रवीण यादव ने की। कार्यक्रम का संचालक पर्यावरण प्रकोष्ठ प्रभारी प्रोफेसर संजय यादव ने किया। संगोष्ठी में छात्राओं ने पर्यावरण से संबंधित विभिन्न विषयों पर अपने विचार रखे, जिसमें छात्रा भूमि ने प्रथम, मोनिका बी. काम ने द्वितीय व मोनिका कुमारी ने तृतीय स्थान प्राप्त किया। प्राचार्य डॉ. प्रवीण यादव ने छात्राओं को संबोधित करते हुए कहा की केवल भाषण और एक दिन पर्यावरण दिवस मनाकर हम अपने कर्तव्य की इतिश्री नहीं कर सकते। हमें अगर वास्तव में पर्यावरण को बचाना है तो धरातल पर काम करना होगा। पर्यावरण से संबंधित सभी समस्याओं का सबसे बड़ा समाधान पौधरोपण है। हमें संसाधनों का बुद्धिमता से इस्तेमाल करना होगा ताकि संसाधनों की खराबी कम से कम हो और आने वाली पीढ़ियों को संतुलित संसाधन भंडार उपलब्ध हो सके। प्राचार्य ने सभी विजेता प्रतिभागियों को स्मृति चिह्न देकर सम्मानित किया। इस अवसर पर प्रोफेसर मनोज यादव, प्रो. अनुप, प्रो. अशोक कुमार, प्रो. तेजप्रकाश, प्रो. सुनीता, प्रो. नवनीत, नरेण ख सोहित व छात्राएं उपस्थित रही।

Seminar On World Earth Day

पृथ्वी जागरण दिनांक 22-04-2023

पौधारोपण कर किया संगोष्ठी का आयोजन

संवाद सत्राधीनी, मंडी अटेली : राजकीय महिला महाविद्यालय अटेली में पृथ्वी दिवस के उपलक्ष्य में भूगोल विभाग एवं पर्यावरण प्रकल्प के संयोजन से विभिन्न कार्यक्रमों का आयोजन किया गया। इस अवसर पर विख्यात पर्यावरणविद डा. रामनिवास यादव ने मुख्य अतिथि व कप्तान जगराम आर्य ने विशिष्ट अतिथि के रूप में शिरकात करी। कार्यक्रम की अध्यक्षता महाविद्यालय प्राचार्य डा. प्रवीण यादव ने की। कार्यक्रम का संयोजन डा. मनीषा यादव व मंच संचालन प्रोफेसर संजय यादव ने किया। इस अवसर पर महाविद्यालय

में पौधारोपण कर एक संगोष्ठी का आयोजन किया गया। डा. रामनिवास यादव ने कहा कि विश्व पृथ्वी दिवस इसलिए मनाया जाता है कि जल, जंगल, जमीन और जीवों के प्रति एक विशेष जनजागृति पैठ की जा सके। उन्होंने वर्षा जल संरक्षण योजना पर विस्तृत जानकारी दी। उन्होंने बताया कि विश्व में भारत एकमात्र ऐसा देश है जहाँ पर्यावरण संरक्षण के लिए लोगों ने अपना जीवन तक कुर्बान किया है। जिसमें अमृता देवी, सुंदरलाल बहुगुणा, डा. राजेंद्र यादव (जल पुरुष) इत्यादि व्यक्तियों का नाम युवा पीढ़ी के लिए प्रेरणा

स्रोत है। कप्तान जगराम आर्य ने कहा कि भारतीय सनातन संस्कृति प्राचीन काल से पर्यावरण संरक्षण का संदेश देती आई है। डा. मनीषा यादव ने कहा कि हमें अधिक से अधिक पौधारोपण करना चाहिए। प्राचार्य डा. प्रवीण यादव ने सभी अतिथियों को महाविद्यालय की तरफ से स्मृति चिह्न भेंट किया और आयोजन के लिए भूगोल विभाग व पर्यावरण प्रकल्प का धन्यवाद किया। इस अवसर पर प्रो. तेजप्रकाश, प्रो. सुनीता यादव, प्रो. मनोज कुमार, प्रो. नीलम भारती, अनिता सहित स्टाफ सदस्य व छात्राएं उपस्थित रही।

POLICY DOCUMENT ON THE GREEN CAMPUS/PLASTIC FREE CAMPUS.

INTRODUCTION: A Green Campus is a place where environmental-friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. Greening the campus is all about sweeping away wasteful inefficiencies, correct disposal handling, purchase of environment friendly supplies and effective recycling program. Our institution is committed to promoting environmental sustainability and reducing plastic pollution. As part of this commitment, we strive to create a green and plastic-free campus that fosters a culture of sustainability among students, faculty, staff, and visitors.

Objectives of the Policy:

- To protect and conserve ecological systems and resources within the campus.
- To ensure efficient use of environmental sources to meet the needs and aspirations of the present and future generations.
- To reduce energy consumption and promote energy efficiency
- To implement responsible procedure for waste management
- To minimize waste generation and eliminate single use plastic on campus
- To conserve water resources through efficient usage and conservation measures
- To create awareness in students and staff to maximize the use of environment-friendly products and services.
- To inculcate the importance of cleanliness for a healthy life among student and staff
- To aware students about environmental issues by organizing Events like Awareness Campaigns, Cleanliness Drives, Workshops, Presentations, Tree Plantation Drives etc.

Main focus areas for Green Campus Policy are:

The Green Campus, Energy, and Environment Policies will create innovative new co-curricular and extracurricular activities that inspire students to take the initiative in bringing about change. The key areas of focus are:

1. Clean Campus Initiatives
2. Landscaping Initiatives
3. Clean Air Initiatives
4. Alternative Energy sources and installation of Energy Efficiency Equipment
5. Water Conservation measures
6. Waste Management measures
7. Awareness programmes on environmental protection
8. Disabled-friendly, barrier free environment

[Handwritten Signature]
Principal

Government College of Women
Ateli (M/Garh)

1. Clean Campus Initiatives: Government College for Women, Ateli focus on maintaining a neat, clean, hygienic and aesthetically pleasing environment. Here is a set of initiatives that could be part of a clean campus program:

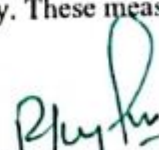

- a) **Litter Prevention and Cleanup Campaign:** Organize regular litter clean up events where students, faculty, staff and volunteers of NSS come together to pick up litter around campus grounds. Implement a "carry in, carry out" policy to encourage everyone to dispose of their waste properly.
- b) **Beautification Projects:** Initiate beautification projects to enhance the campus's appearance such as planting trees, flowers and other greenery. Lawns and garden should maintain regularly and encourage sustainable landscaping practices to conserve water and reduce maintenance costs.
- c) **Campus Cleanliness Campaign:** Launch campaign to promote cleanliness and personal responsibility for maintain a clean campus environment.
- d) **Green Cleaning Practices:** Adopt environmentally friendly cleaning products and practices to minimize the use of harsh chemicals and reduce environment impact.
- e) **Public Awareness and Engagement:** Engage the campus community and raise awareness about the importance of maintaining a clean and sustainable campus environment. Organize educational workshops, seminars, and events focused on environmental stewardship and campus cleanliness.
- f) **Waste Management:** Implement comprehensive waste management practices, including proper waste sorting and recycling. Provide easily accessible recycling bins and composting facilities throughout the campus. Educate the campus community on the importance of waste reduction and proper disposal techniques. Remove all waste materials in a proper manner, including e-waste, broken furniture, useless equipment, and so forth.
- g) **Monitoring and Evaluation:** Regularly assess the effectiveness of clean campus initiatives through monitoring and evaluation. Collect feedback from the students and parents to identify areas for improvement and refine strategies for maintaining a clean and sustainable campus environment.

2. Landscaping Initiatives→ Landscaping plays a significant role in enhancing the aesthetics, functionality, and sustainability of a campus environment. Here are some key considerations and practices for effective campus landscaping:

- 1) **Native plants** that are well suited to local climate and soil condition should planted. Native plants typically require less water and maintenance, support local biodiversity, and contribute to ecosystem health.
- 2) **Use drought-tolerant plants and grasses** that require minimal irrigation. Design landscape features to capture and retain rainwater, reducing runoff and erosion.
- 3) **Plant trees strategically** throughout the campus to provide shade, improve air quality, and reduce energy consumption. Select tree species that are well-adapted to the local climate and soil conditions. Implement a tree maintenance program to ensure proper care, including pruning, mulching, and pest management.
- 4) **Preserve and enhance natural areas** on campus to support local biodiversity. Implement habitat restoration and conservation projects to protect native flora and fauna. Minimize disturbance to natural habitats during campus development and construction activities.

Various measures have been taken by the institute to implement this policy. These measures are as follows:

Principal
Government College of Women
Ateli (M/Garh)

Green landscaping with trees and plants:

The institution has made it a top priority to establish an environmentally-friendly campus. In keeping with this objective, the NSS volunteers of Units I and II have undertaken the responsibility of preserving the campus by planting new tree saplings on an annual basis. The saplings are provided by DFO (department of forestry) in rainy season.

Institution has more than one thousand live big plant, grassy lawn, splendid hedge and developed a garden of fruit plants including Jamun, Berry, Guava, Orange, lemon, Chico and Mango plant. College has a wide variety of vegetation, which is home to different kinds of uncommon animals and birds, making the campus highly diversified.

By sponsoring yearly tree-planting campaigns and encouraging student organisations to host tree-planting activities, the college demonstrates its commitment to enhancing this healthy ecosystem and maintaining the symbiotic relationship between the institution and nature.

3.Clean Air Initiatives→ Clean air initiatives focus on reducing air pollution and improving air quality to create a healthier and more sustainable environment. Here are some key initiatives that institutions can undertake to promote clean air on campus:

a) **Emission reduction programmes:** Implement programs to reduce emissions from campus sources such as vehicles. This may include transitioning to cleaner fuels, upgrading equipment to more efficient models, and optimizing transportation routes to minimize emissions.

b) **Alternative Transportation Options:** Encourage the use of alternative transportation modes to reduce vehicle emissions on campus. Provide incentives for carpooling, biking, walking, and using public transport.

c) **Clean Energy Solution:** Install renewable energy systems on campus buildings and integrate energy efficiency measures to further reduce emissions.

d) **Green Space and Vegetation:** Increase green space and vegetation on campus to enhance air quality and mitigate air pollution. Plant trees, shrubs, and other vegetation to absorb carbon dioxide, filter pollutants, and produce oxygen.

e) **Education and Awareness:** Raise awareness among the campus community about the importance of clean air and the impacts of air pollution on health and the environment. Provide educational resources, workshops, and events to empower individuals to take action to reduce air pollution in their daily lives.

For implementing these clean air initiatives, institute follows various measures:

- **Restricted entry of automobiles:**

The esteemed institution has a student population of 925 and a staff population of nearly 40, comprising both academic and non-academic personnel. A majority of the students avail public transport services for their daily commutes, while the staff members have opted for eco-friendly transportation modes such as carpooling and electric vehicles. In addition, the entry of visitors' vehicles has been restricted within the campus premises.

- **Use of Bicycles:**

A larger number of female students opt to commute to college on a daily basis using bicycles as they find it to be a convenient and effortless mode of transportation.

- **Pedestrian-friendly roads:**

Principal
Government College of Women
Ateli (M/Garh)

At the college campus, designated parking slots for both bikes and cars have been implemented to prevent traffic congestion, which in turn facilitates safe and unobstructed movement for pedestrians.

- **Plastic-free campus:**

The educational institution takes great pride in its endeavour towards creating a plastic-free campus environment. It regularly disseminates announcements to the students, urging them to uphold the values of cleanliness and hygiene on the campus premises.

- We avoid burning waste .
- Many trees are planted within the campus to improve the air quality.
- Solar system has installed in the campus as a renewable energy source.

4. Alternative Energy sources and installation of Energy Efficiency Equipment→

We are dedicated to minimize and sustainably manage the consumption of electricity produced by non-renewable resources by switching to clean energy sources like solar energy for purposes like lighting the campus. We commit to install environment-friendly electrical appliances that save energy and reduce wasteful inefficiencies. The college believes in using cleaner energy such as LED lighting. The Institution has following facilities for alternate sources of energy and energy conservation measures: -

a) Grid connected PV Solar System for the campus:

A 15KW solar power plant has been installed on the roof of our college building, with NET meter facilities provided and maintained by DHBVN Haryana. This facility has significantly reduced our institution's electricity expenses, while also contributing to our efforts towards sustainable energy usage.

b) Installation of Energy efficient equipment and measures to conserve energy:

- Our institute has implemented. The use of LED tube lights.
- Electric fan regulators have been installed with all fans.
- We have adopted the use of smart 100W LED street lights.
- Projectors are to be turned off if no presentation is scheduled.
- Power-saving settings have been enabled on all computers to turn off monitors and hard discs.
- The air conditioning temperature has been set between 24°C to 26°C.
- Lights and fans are switched off when not in use.

5. Water Conservation and Management-

Water conservation is an important aspect for any institution, and the college has taken several measures to conserve water.

- a) An underground pipeline system has been established to water plants and supply water to the tanks.
- b) The college also has a natural rainwater harvesting system, where rainwater from the entire campus is drained into a pond behind the college to recharge the groundwater.
- c) An alarm system is in place for the overhead water tanks to minimize spillage.
- d) Waste RO water is used for watering the plants.

Principal
Government College of Women
Ateli (M/Garh)

- e) Campus building and infrastructure is regularly inspected for leaks and promptly repairing is done if any leaks found.
- f) Awareness about water conservation is raised among students, faculty and staff through educational programs, seminar, rallies and signage.

6. Waste Management Processes: We are committed to reducing and managing the waste produced by the college campus in order to reduce its adverse impact on the environment. With its aim to provide holistic education that also has a positive impact on the environment, the college adopt practices that mitigate the generation, and manage waste through the following various methods.

Management of the following types of degradable and non-degradable waste:

- Solid waste management
- Liquid waste management
- Biomedical waste management
- E-waste management

There are different types of wastes disposed in the college for which there is a proper system functioning. The following wastes are being disposed.

a) Solid Waste Management:

An important initiative has been implemented in our campus to minimize material consumption. Students and faculty are encouraged to segregate waste by utilizing dustbins. The use of carry bags within the campus is prohibited to further reduce waste. This initiative is promoted through notice boards and slogan boards displayed across the campus. The collected waste is regularly picked up by the municipality of Ateli. Moreover, the Ateli Municipality has extended their unwavering support in managing the solid waste disposal requirements, which serves to further bolster the preservation efforts of the campus.

b) Liquid Waste Management:

- **Facilities for water distribution through the Campus**

The college is equipped with one bore-well to cater to its water supply needs. The bore-well water is pumped into thirteen overhead tanks with a capacity of 13000 litres. The water from these tanks is then distributed to all taps across the campus.

- **Waste disposal in Chemistry laboratory**

Our organization is committed to sustainable and responsible practices. As part of this commitment.

1. We only employ eco-friendly chemicals in our lab, while avoiding the use of any toxic, harmful hydrocarbon chemicals. We use very dilute solution.
2. We also adhere to the Environmental, Health, and Safety (EHS) procedure for the disposal of solid waste.
3. In addition, we ensure that liquid waste is disposed of in a manner that does not contaminate any water bodies. We never discard the chemicals/solutions directly to the basin/environment. Rather, we use a neutralization pit into which the students discard solutions which are mostly slightly acidic or alkaline, as and when they need. And later on we make the solutions/chemicals neutralized and then we dispose of it from the neutralization pit.

Principal
Government College of Women
Ateli (M/Garh)

- RO Waste Water: The effluent water from the RO system are made to flow to the plants.
- The rain water of campus is carried out through the pipeline and drained in a pond which is situated behind the college to recharge the groundwater level.

c) Biomedical Waste Management:

Women's washrooms are equipped with incinerators to ensure sanitary napkins are disposed of hygienically and in an eco-friendly manner, which is beneficial to women's health.

d) E-Waste Management:

In the college campus e-wastes were collected and put in a room . A room is allocated for the E-waste.

We adopt the following procedure for the E-waste:

1. All non-repairable electronic equipment keep in a room.
2. College Computer committee maintain a register for E-waste record.
3. After approval of the Principal E-waste sent to the E-waste scrapper.

7. Awareness programmes on environmental protection

We support and encourage awareness campaigns, seminars, workshops, conferences and other interactive sessions to facilitate effective implementation of the Green Campus along with implementation Energy and Environment policies. Students of this institution promote eco-friendly activity beyond the campus through awareness rally, NSS Camp, plantation programme etc.

NSS volunteers of the college perform various activities like collecting roadside polythene, cleaning roads and teach villagers to use smokeless fuel efficient chullahs. The students are advised and motivated to put off lights and switch off the fans when going out of classrooms and not to waste papers. In the college the plantation is done on the occasion of all the functions. The students are also motivated and enlightened for conservation of water in the college as well as in their daily life.

We encourage all the departments and specific student organisations like NSS, Environment society, Eco Club and others to organize events, competitions, seminars and other awareness programs that will bring about positive environmental changes at the grass root level. The college supports departments and student associations in moulding the students into active agents of environment protection and conservation.

8. The Institution has disabled-friendly, barrier free environment

At our college, we understand the importance of providing a supportive environment for all students, including those with disabilities or who are differently-abled. We are committed to ensuring that all students have access to all schemes, facilities, and services offered at the college. To cater to their unique needs, we have established specialized facilities such as ramps, rails, and washrooms, and made other necessary accommodations as per their requirements. We understand that navigating the campus can be challenging, which is why we provide wheelchairs to ensure that all students can move around the campus with ease. We strive to ensure that all entrances and exits are designed to be easily accessible to these students, and we have dedicated staff members who are always available to offer assistance when needed. We are proud to offer a well-equipped divyangjan-friendly washroom, which is regularly maintained by our health and medical in-charge to ensure the highest standards of hygiene. We are committed to providing a supportive and inclusive environment for all students, and we are always looking for ways to improve our services and facilities to meet their needs.
